### 2022 北京冬奥会标识有何含义？

What does the logo of the 2022 Beijing Winter Olympics represent?

在中冬奥过程中，北京标识的出现让人眼前一亮。那么，你们知道这个标识的含义吗？在这个名为“墨舞冬奥”的标识中，既体现了汉字“冬”的中国元素，又体现出了冬奥会运动。设计者用一个冰雪运动员的形象勾勒出一个书法的“冬”字，“冬”字最上方的一撇是一个运动员，下面就是滑道。而“冬”字下面的两点正好跟 2022 主办年份衔接起来，形成完美的整体。你们看出这两种含义了吗？

The Beijing Winter Olympic Logo used in the bidding process is eye-catching, but do you know what it represents? Named “Ink in Motion with the Winter Games”, the logo integrates Chinese calligraphy with the winter games by prominently featuring the Chinese character 冬 ‘winter’, which is designed to resemble a skier skiing or a skater skating: the top part depicts a skier or skater, the middle part represents a ski track or a skating rink, and the two dots below -written in one continuous stroke so that they look like a skewed “Z” -is easily recognisable as the first “2” in “2022”, thus the Chinese character merges seamlessly into the overall design. Do you see the connotations of the logo? If you do, please colour in the picture on the right with your favourite colours. ■
